

Business Eligibility for Vouchers

The Capability Voucher Funding helps business owners to access business training and coaching services, by providing them with up to a 50% subsidy towards the registered service cost.

The funding is one of the services available through the Regional Business Partner (RBP) Network who employ Growth Advisors to support business owners looking to grow and innovate.

- To access this co-funding you must first meet with one of our RBP Growth Advisors to discuss your business.
- The Growth Advisor will seek to understand opportunities for growth and help identify any barriers to this
- The Growth Advisor will then work with you to put together an action plan.

Where there is a management capability need identified that could be addressed by undertaking training, the Growth Advisor may issue a Capability Voucher to the business.

Please note:

1. Vouchers may only be used with services registered in the www.regionalbusinesspartners.co.nz "Marketplace"
2. Vouchers can only be used in the following subject areas; Business Planning, Business Systems, Business Sustainability, Capital Raising, Export, Finance, Governance, Lean Manufacturing/ Business Operations, Managing Resources, and Marketing.
3. The value of vouchers issued will vary and they can be used to cover up to 50% of the training service cost (capped at \$5000 p.a)
