

## Workshop Equipment

<b>Hoist</b>	Used to raise vehicles to give access underneath
<b>Inspection light</b>	Used to light up a dark area
<b>Bench vice</b>	Used to securely clamp components
<b>Battery charger</b>	Used to recharge a battery
<b>Air compressor</b>	Used to supply air pressure for pneumatic equipment
<b>Lubricating Equipment</b>	Used to lubricate the tools to keep them in good working order
<b>Oil filter removal tool</b>	Used to remove oil filters during oil changes
<b>Parts wash</b>	Used to clean grease and oil from automotive parts
<b>Brakes wash machine</b>	Used to clean brake parts and protect technicians from brake dust
<b>Steam cleaner</b>	Used to clean stubborn dirt, oil and grease from automotive components
<b>Bench grinder</b>	Used for sharpening, rounding and removing sharp edges
<b>Drill press</b>	Used to help when drilling a hole
<b>Hydraulic press</b>	Used to aid installation or extraction of components
<b>Mig welder</b>	Used to weld metal together
<b>Tyre machine</b>	Used to help in the removal and refitting of a tyre
<b>Wheel aligner</b>	Used to measure wheel angles

## Workshop Equipment

<b>Tunescope</b>	Used to help the tuning of an engine by displaying electrical circuit patterns
<b>Inspection mirror</b>	Used for viewing difficult to see components
<b>Magnet</b>	Used to pick up nuts and bolts that have fallen into hard to reach areas
<b>Parts tray</b>	Used to store nuts and bolts when disassembling engine components
<b>Floor Creeper</b>	Used for the technician to lie on when working under vehicles
<b>Protective covers</b>	Used on seats and carpets to prevent grease and grime getting on them
<b>Workshop manuals</b>	Used to get service, repair and disassembly/assembly information
<b>Axle stands</b>	Used to support a vehicle when a hoist is unavailable
<b>Grease gun</b>	Used to apply lubrication under pressure to joints
<b>Engine lifter</b>	Used to raise and support heavy automotive components
<b>Extractor fans</b>	Used to remove harmful gases from the workshop

Print, laminate and cut out for a matching the workshop equipment with the use activity
